The novel of the same name is being serialized in Japan in the Noozi Jump magazine. The official English name of the game, as well as the names of its main characters, Gilgamesh and Enkidu, are being changed from the original novel. The game is currently scheduled for release in Summer 2015. About Falcom Co., Ltd. Falcom is a company that develops and publishes original role-playing games in Japan. The company also produces network software, amusement centers, and other products. It is headquartered in Tokyo, Japan, and has offices in various other countries around the world. Currently, Falcom continues to develop the Legend of Heroes series of games, as well as other entertainment products. We hope you enjoyed reading this issue of Dragon's Crown Magazine. In these exclusive interviews with Patrice Desilets, Jean-François Dagenais and Mathieu Giroux, we learn more about the game, its characters and its scenery, as well as what happens when a developing and rich world must be condensed into a single game. Additionally, Francois Dufour, Falcom's director of development, talks to the magazine about how Falcom's popularity has changed in the years since Dragon's Crown. Finally, we look back at our favorite Dragon's Crown memories in this special retrospective issue.

You can find Falcom's official English website here. [_____](#)

Features Key:

An Epic Game using Several Addictive Elements. An action RPG that combines exhilarating fights with frantic battles and beautiful graphics.

Level Up! For the first time in your Pokemon experience, you level up your character by using stats. Visual Novel Elements There are side stories in the game that depict the players' actions. These side stories can be viewed at any time.

Sacrificial System In the game, you will always have a Party Member in your Party. When you move through the screen, your character is no longer able to fight. As a result, you can decide the actions of the characters. However, when the Party Member becomes the LOSER, you will lose the current

turn. When you defeat a monster by defeating its HP, it is considered to have been lost. (If you win by defeat, the monster's HP will be reduced to zero.)

Adventure System There are various challenges the characters need to overcome. Challenges range in difficulty depending on the strength of the character.

Dungeons Many dungeons are dispersed throughout the world. Dungeons range in difficulty and demand a great amount of skill to complete them. The difficulties of dungeons will decrease the further you progress.

Legend Feature You can become a legend in the game by raising your attribute and conquering dungeons.

Party System You can dynamically enlist members from either ally or enemy ranks in your own Party. Members will appear in four colors and will change their moves depending on their class. You can also add new members.

Exploration System You can walk freely through the world and battle monsters as you wish.

Monster Generation The monsters in this game each have their own battle strategy. This has effects when you attack them, attack them with your party, damage them with magic, and have them use spells. You may have the opportunity to obtain rewards such as items and experience points from battles against them. As a result, it will be more difficult to stay strong. You can fight a monster's HP and status in order to level up.

City Exploration Zones based on cities appear during certain quests where you can accept quests and use your power to uncover the truth behind the secrets of the city.

The main character (referred to as "NPC" hereinafter) is a player character, but there are three main characters "Kuna-kun", "Kiru", and "Haruto". Kuna-kun is a peasant who is looking for a job but there isn't many jobs out there and he's going through a tough time, his stats are low and he's weak, and it'll take a long time for him to improve. Kiru is a girl who tries to take up swords to improve her skills, and she has been practicing, she is skilled and strong, however, she doesn't use many skills, is lacking in money, and she has no friends. Haruto is a boy who was lucky enough to be granted a great power, he is strong, skilled, and has good stats, however he is greedy and doesn't want to share that power with others. The magical energy called "Light" is divided into color circles and made "Chakra" for characters, and the power is increased by using a Chakram while in battle. In battle, use your spiritual energy in the form of special attacks called "Arcana" (attacks and skills with strong results), and perform special moves called "Mimics" (attacks and skills to hinder your enemies) that can be used with multiple chakras. Furthermore, players can attack enemies to weaken them, or rest to heal your vitality, and move the map to find more treasure and collect items. Furthermore, players can attack enemies to weaken them, or rest to heal your vitality, and move the map to find more
